## From Lab to Production – Insights into Process Chemistry

The event series with 1-2 events per year at Swiss universities enables students and PhDs to get an insight into process chemistry. Besides teaching the basics, an illustrative example from industry is discussed.

### Goals of the Event

- Understand the challenges in process chemistry and recognize the differences between laboratory work and chemical production.
- Get in contact with process chemists from industry and expand its own network.

### Venue

University of Basel

Department of Chemistry, small lecture hall OC

10. November, 2022, 16.00-18.00h

### Program

16.00 Welcome

16.10 Insights into Process Chemistry

16.30 Case study from industry

17.00 Aperitif

### Program Directors

- Stefan Hildbrand, F. Hoffmann-La Roche AG
- Urs Brändli, Dottikon Exclusive Synthesis AG
- Maurus Marty, DSM Nutritional Products Ltd.
- Niklaus Künzle, Lonza AG
