

Learning Contract Elective Internship («Wahlpraktikum in Chemie») (internally conducted)

Part I: Agreement (to be completed and submitted BEFORE internship begins)

With this learning contract the conditions for the acquisition of credit points for an elective internship («Wahlpraktikum in Chemie») conducted within a research group of the Department of Chemistry of the University of Basel in the master degree program in chemistry (modul «Wahlpraktika») are stipulated.

The agreement must be signed by all parties **prior to the start** of the elective internship. The original will be retained by the student, and the chemistry program coordinator will receive a copy prior to the start of the elective internship. **In addition to this learning contract**, a registration for the elective internship in the online services must be made.
